

Hand Wash Sinks

Reliable hands-free sinks designed to improve sanitation and reduce cross-contamination.

Model ES2-501L

Model 505L

Our hand wash sinks are designed for food processing, commercial, and industrial environments where sanitation, durability, and efficiency are critical. Constructed from heavy-duty stainless steel and available in multiple activation configurations, these sinks support hands-free operation to help improve hygiene and reduce cross-contamination risk. Available in floor-mounted and wall-mounted configurations for flexibility across a wide range of applications.

Designed for food processing and industrial environments.

- Trusted manufacturer of stainless steel sinks and washdown equipment since 1949
- Hands-free operation helps reduce cross-contamination risk
- Heavy-duty stainless steel construction for durability and corrosion resistance
- Multiple faucet configurations including single valve, double valve, sensor, and manual operation
- Low-flow models available — helps reduce water consumption
- Multiple sizes and configurations to fit application requirements

Hand Wash Sinks
