

Hose Adapters

Heavy-duty hose connections for demanding washdown applications.

Our Hose Adapters and Accessories are designed to integrate seamlessly with nozzles, hoses, and mixing stations, these adapters help create a complete washdown system solution for food processing and industrial applications. Available in brass and stainless steel constructions.

Features and Benefits

- Available in brass and stainless steel construction
- Swivel designs help reduce hose twisting and improve operator comfort
- Optional 360° swivel ball design provides maximum flexibility and movement
- Trigger lock ring options for improved ease of use
- Heavy-duty construction built for demanding washdown environments
- Quick disconnect options allow fast equipment changes and maintenance
- Compatible with Sani-Lav nozzles, hoses, and mixing stations
- Multiple inlet and outlet configurations available

Hose Adapters

Swivel Hose Adapters				
Brass	Stainless Steel	Inlet	Outlet	Features
N11	N11S	3/4" FGHT	1/2" MNPT	Swivel and Trigger Lock Ring
